

Support Group Protocol: Free Speech Forum

You will be in a group of 3-4 people, and have 30-40 minutes to run the following protocol for all of your group members.

Before you begin,

- Pick a time keeper.
- Decide on the presentation order

Now,

1. **5 minute present:** Presenter will give their presentation, time keeper will keep time, and presenters will take notes and evaluate the rubric.
2. **5 minute debrief:**
 - **Warm-and-fuzzies:** Each audience member will say something positive about the presentation
 - **Critique/Refinement:** Each audience member will provide an informative critique by suggesting one way the presentation can be refined for tomorrow.
 - **Rubric score:** This panel should decide on a presentation grade using the presentation portion of the rubric. Justify your grade!

Done? Finished early? Get crackin' on some of those refinements for tomorrow!

Presentations start tomorrow, folks!!!

The Presentation	8 points	6 points	4 points	2 points
The Item: Does it appear that you've chosen your item carefully and thoughtfully? Is there anything missing (such as song lyrics, transcripts) that would obviously and dramatically increase audience access in both presentation and visual?				
The Delivery: How passionate do you appear about sharing your item with the audience? Do you project in a clear and concise tone that suggests practice, refinement, and commitment to quality?				
Link to content: How aggressively does both the item and delivery suggest a strong understanding and application of 1 st Amendment principles?
